

Telkwa Multi-Sport Outdoor Courts - Configuration

North

156 ft

South

As per Jonathon from Tomko Sports, best layout is as follows:

-  2 x 1/2 basketball courts
-  2 x tennis courts with 1 court being shared with basketball
-  4 x pickleball courts

Note: NBA basketball courts are 94' long and Telkwa surface is 120', therefore too long for a full-sized basketball court as you'll be losing 26' of unused surface & unable to combine with tennis due to lines not matching up.
